Mine Contamination in 2020

Contaminated
Residual or suspected
Clearance reported complete
No evidence of mined areas

* Argentina and the United Kingdom both claim sovereignty over Falkland Islands/Malvinas. The United Kingdom completed mine clearance of the Falkland Islands/Islas Malvinas in 2020. Argentina has not yet acknowledged completion.

** Cyprus states that no areas contaminated by antipersonnel mines remain under Cypriot control.

Notes: States Parties to the Mine Ban Treaty are bold, OTHER AREAS are UPPER CASE ITALICS.
